HANSBACH
Made in Germany

7 GREAT BENEFITS

MODERN DESIGN

bolang design and develop various sinks according to the perfect combination of international style and artistic elements make, unique products. Smooth and elegant line, make your kitchen perfect and best feeling, which will appears comfortable, high-end, cheerful quality life style.

HIGH QUALITY

From the surface, polishing, color to the whole flatness, drainer and drainage, BOLANG keeps improving, works on every detail, and creates the first-class international quality.

HIGH-QUALITY MATERIAL

BOLANG using international standards of SUS 304 stainless steel plate, with characteristics of smooth, bright, wearable, and anti-rusty.

SUPER PRACTICALITY

The automatic waste design is more humane, practical, and gently a twist will control the drainage. Large space inside the bowl, quick drainage make you enjoy easy convenient cleaning.

COMPLETE FUNCTION

According to market demand, BOLANG products divided into artistic sink, practical sink and economic one-piece sink, as well as a variety of accessories let your operating convenient and comfortable.

EASY INSTALLATION

With a variety of convenient countertop installation, BOLANG design perfectly fit for your kitchen environment.

EASY CLEANING

Diverse surface treatment, no dead angle of overall design, satin and polish surface treatment, greatly improve the wear resistance, rust corrosion resistance, and oxidation resistance, make counter-top extremely easy to clean.

70% KITCHEN TIME

70% of your kitchen time is done beside the sinks, which is an essential part of life. Following "offer top-grade sink which you want most", bolang specialize in design and open modern, manufacturing modern, elegant, function and super practical sinks for more than ten years.

He comfortable & quality space bring more happiness in your kitchen. Let you and your family enjoy and love the kitchen time.

Let you love the kitchen time

Surface Treatment

A variety of stainless steel finishes includes brushed steel, smooth, linen and microlinen.

Waste

Automatic waste

Do not need to pulling the waste any more. Just gently a twist, make the drainage easy.

Overflow hole location

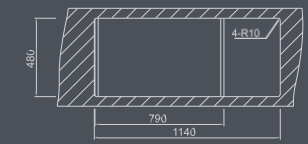

Punch the overflow hole slightly above of the bowl, increasing the bowl using space. When it is used together with the basket, will eliminate the mutual absorb phenomenon.

Installation

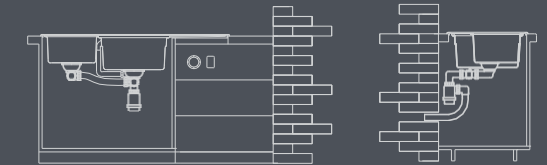

Cut Out Drawing

Schematic diagram marked out accurate length and width, also with illustration of corner radius.

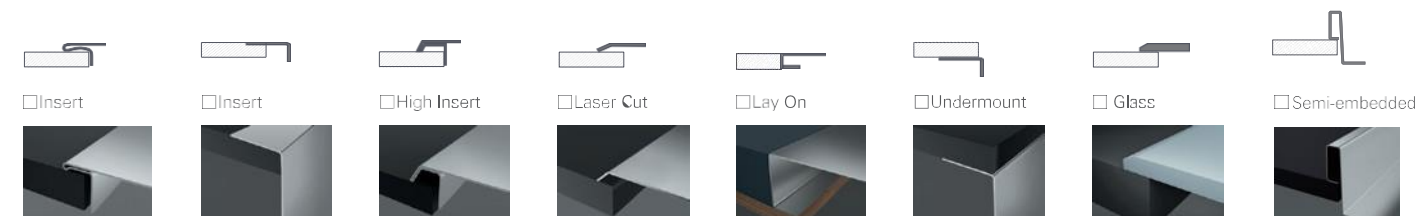

Installation drawing

Each product of detailed installation guide drawing, will be helpful convenient operation.

NEW	NEW	OLD	OLD
	Cap nut Material :Brass Advantage: Humanized design of the longer rivet with chrome-plate surface		Cap nut Material :SUS304 Advantage: Standard length,no coating, not shining finishing
	Basket Material :SUS304 Advantage: Excellent filterability		Basket Material :SUS304 Advantage: Good filterability
	1st layer gasket Material :Rubber Advantage: Good sealing performance		1st layer gasket Material :Rubber and Plastic Advantage: Normal sealing performance
	2nd layer gasket Material :SUS304 Advantage: High quality material		2nd layer gasket Material :PVC Advantage: Normal sealing performance and common quality
	Screw bolt Material :Brass Advantage: Chromeplate surface		Screw bolt Material :Brass Advantage: No coating, not shining finishing
	Flange nut Material :SUS304 Advantage: Longer design with chrome-plate surface		Flange nut Material :SUS304 Advantage: Standard length suitable for installation SS sink.
	Strainer Material :SUS304 Advantage: Glossy surface with high quality		Strainer Material :SUS304(2B) Advantage: Common visual level,appearance
	Seal Ring Material :EVA Advantage: Perfect sealing performance		Seal Ring Material :Rubber and Plastic Advantage: Common sealing performance and leakproofness
	Rubber ring Material :Rubber Advantage: High temperature resistance, better sealing performance		Rubber ring Material :Rubber and Plastic Advantage: Common sealing performance and leakproofness
	Plastic cup Material :PP Advantage: Made of non-recycled PP material		Plastic cup Material :PP Advantage: Made of fresh PP material
